

As a documentary photojournalist, I specialize in **CAPTURING RAW, AUTHENTIC, DIMENSIONAL ORGANIC MOMENTS**. I pick **personality** over perfection. My desire in every session is to make pictures that tell a portion of YOUR story. –

In my portrait work, I spend time with clients to capture **KITCHEN TABLE SMILES**, those smiles, and expressions that one would have the privilege of seeing after grabbing a cup of coffee and plopping down in a chair. The sessions are comprised of a relaxing time of the conversation. I work diligently to make each client relaxed and at ease.

In my documentary and event work I make observations about relationships and connections. Documenting the moments that many take for granted. Making photos that evoke **HUMAN EMOTION**.

I began teaching amateur photographers in 2015 at kitchen tables. I have since partnered with **Hanover Area Arts Guild** and **stART something** a division of the Cultural Alliance of York; to reach more aspiring artists and guide them through photography.

PHOTOGRAPHY SESSIONS

Documentary Family Photojournalism Session

A documentary family photojournalism session is used to chronicle events or environments, both significant and relevant to the family in everyday life. The amount of images directly correlates to coverage time—a required minimum four-hour for a session.

BEGINNING AT \$400.00

Family Portrait Lifestyle Session

A Lifestyle approach to the session aims to capture people in situations, real-life events, or milestones in an artistic manner and the art of the everyday. The primary goal is to tell stories about people's lives. The session happens on location; most sessions are about an hour, which results in 20-30 images.

BEGINNING AT \$250.00

Senior Portrait Session

Traditionally formal portraits are taken during one's senior year of high school. The session happens on location; most sessions are about an hour, which results in 20-30

images and multiple outfit changes.

BEGINNING AT \$250.00

Mini Session

TBA

A Mini Session is a shorter session with a lower price point. The mini sessions usually include some products and take place at a predetermined location. These sessions are great for families who want to get yearly updates but don't want to commit to a full session. They are also great for toddlers who can fizzle out quickly. The session is 20 minutes and includes 5-10 images. Sessions are limited to only those who live in one's household and do not include wardrobe change.

SESSION \$80.00

Wedding

Our documentary approach of taking photos of your wedding day is candidly, naturally, and without direction. In a genuine, unobtrusive way, we tell your story of your day, capturing the moment as it happens, as a storyteller, without the narrator. It steps away from traditional wedding photography; they all posed, grip, and grin pictures that seem to trend in today's wedding photography.

BEGINNING AT \$800.00
